Language literacy and numeracy determining student needs

LLN

AAA Swiss Training Pty Ltd has as part of its enrolment process the requirement for each applicant to complete a 'Learner needs questionnaire'. Once all the questionnaires have been collated, the data acquired allows AAA Swiss to set out the provisions for not only the requirements of standard

learning resources such as IT equipment, books, software and facilities for applicants but also to further support our applicants where they have identified that they need support. (Note: applicants may be also identified during the period of their study as well in the requirement of extra support). In the case where an applicant identifies the need for extra support classes on the questionnaire or by the notice of trainers or by the results of assessments, AAA Swiss has a range of support services that enhance applicant learning. Applicants can easily choose to have extra support classes that help academic language support.

If an applicant needs access to literacy and/or numeracy skills support, AAA Swiss will make available a staff member with appropriate qualifications (Adult Teaching qualifications) who will dedicate at least 2 hours a week to teach applicants literacy and numeracy skills to assist applicants in meeting the LLN requirements of the training package and to complete their RPL application.

RPL Application and Progression and Support

AAA Swiss will maintain and monitor applicant's RPL progression throughout the agreed period for review. Our staff will put in place applicant support services to assist them in achieving the desired results.

Applicants making poor progress will be counselled and warned before they are directed to re-enrol into another course or have their enrolment cancelled. Applicants will not be given any extension at the end of the RPL period if they have not completed all the required units of competencies unless compassionate or compelling circumstances have been documented.

Recognising Prior Experience and Skills

In accordance with the requirements for NVR Registered Training Organisations, AAA Swiss Training Pty Ltd provides the opportunity to have prior learning recognised toward a qualifications or units of competence for which they are enrolled. Recognition is viewed simply as another method of assessment and therefore is conducted in accordance with the Assessment Policy.

For further information and to apply for RPL, please email your request to info@aaaswiss.edu.au

Credit Transfer

AAA Swiss Training Pty Ltd acknowledges the requirement as a Registered Training Organisation (RTO) to recognise the awards issued by other RTOs. This is limited to outcomes that are drawn from the Australian Qualifications Framework being units of competence awarded and accurately identified in statements of attainment and qualifications.

What is credit transfer?

Credit transfer is the recognition of learning achieved through formal education and training. Under the Standards for NVR Registered Training Organisations, qualifications and statements of attainment issued by any RTO are to be accepted and recognised by all other RTOs. Credit transfer allows the unit of competency previously achieved by an applicant to be recognised when they are enrolling in a related course where those units can assist them in meeting the requirements for a qualification.

If credit transfer is being sought for a unit of competence which has a different title or code, then it is necessary to establish the equivalence between the unit held and the unit being sought. In many cases, this information can be found in mapping guide published in the relevant Training Package (usually volume one or on the Industry Skills Council (ISC) website). AAA Swiss admin/Assessors and staff will obtain this information and validate claims of equivalence.

As a general guide, if there is no such mapping available then AAA Swiss is not obliged to recognise the unit through credit transfer.

Please follow the link for further information in Credit Transfer:

www.aqf.edu.au/wp-content/uploads/2013/06/Credit-Transfer-Explanation.pdf

Evidence Requirements

An applicant will be required to present his or her statement of attainment or qualification for examination by AAA Swiss Training Pty Ltd. These documents will provide the detail of what units of competency the **applicant** has been previously attained. Applicants must provide satisfactory evidence that the statement of attainment or qualification is theirs and that it has been issued by an Australian RTO. Statements of attainment or qualifications should be in the correct format as outlined in the Australian Qualifications Framework (AQF). The applicant is required to submit copies only which are certified copies.

Credit Transfer Guidelines

National Recognitional

All trainers and Assessors know of our obligation to recognise AQF qualifications and statements of attainment issued by another RTO.

The following guidelines are to be followed when an application for credit transfer is received:

- Any applicant is entitled to apply for credit transfer in a course or qualification in which they are currently enrolled.
- Applicants may not apply for credit transfer for units of competence or qualification which are not included in AAA Swiss's scope of registration.
- Whilst applicants may apply for credit transfer at any time, they are encouraged to apply before commencing a training program. This will reduce unnecessary training and guide the applicant down a more efficient path to competence.
- The applicant will not incur any fees for the credit transfer.
- Credit transfer may only be awarded for whole units of competence. Where a mapping guide identifies a partial credit, this will not be considered for credit transfer and the applicant will be advised to seek recognition.
- Credit transfer will only be issued when the applicant's enrolment includes at least one other unit of competence for which the applicant is participating in training or is seeking recognition. An applicant may not enrol only for credit transfer.
- The recognition of a unit of competence under a credit transfer arrangement is not contingent on the applicant demonstrating their currency. If the unit has been previously awarded and equivalence can be demonstrated, then the unit can be recognised.

National Recognition (Recognition of Qualifications Issued by Another RTO's)

National recognition is the process that recognises qualifications or Statements of Attainment issued by another Registered Training Organisation that are the same as the competencies in the program you are enrolled in.

To receive recognition for the previous study, you do NOT need to be enrolled in the program. However, you will need to provide certified copies of your qualifications, Statement of Attainment along with your RPL form to AAA Swiss to assess your eligibility for RPL. For further information on RPL & Qualification recognition please contact the reception or alternatively email

info@aaaswiss.edu.au

- projects were undertaken, and
- community-based learning experiences.

5. Applicants must complete the RPL/CT Application Form, attach the required evidence, and submit at a date specified by the designated RPL Assessor for assessment.
6. If RPL is approved, the applicant will be marked as “CT” rather than “Competent” in the transcript of records.
7. The applicant will be notified in writing of the outcome of the RPL. On the basis of the assessment, the applicant will be advised that: a. the application has been granted or the application has been denied or b. further evidence is required

10. If the applicant is not satisfied with the outcome, the matter will be referred to the management via the appeals process.

AAA Swiss’s RPL Assessors should possess:

- an understanding and ability to carry out a wide range of assessment techniques;
- the ability to judge the diverse evidence fairly and accurately;
- the ability to draw inferences based on the evidence presented.
